Connecticut's Best Doctors 2020

Jun 2, 2020

Founded in 1989 by Harvard Medical School physicians, Best Doctors is a global benefits provider and medical information services company that connects individuals facing difficult medical treatment decisions with the best doctors, selected by impartial peer review in over 450 medical specialty/subspecialty combinations, to review their diagnosis and treatment plans.

Best Doctors' team of researchers conducts a biennial poll using the methodology that mimics the informal peer-to-peer process doctors themselves use to identify the right specialists for their patients. Using a polling method and proprietary balloting software, they gather the insight and experience of tens of thousands of leading specialists all over the country, while confirming their credentials and specific areas of expertise.

The result is the Best Doctors in America® List, which includes the nation's most respected specialists and outstanding primary care physicians in the nation. These are the doctors that other doctors recognize as the best in their fields. They cannot pay a fee and are not paid to be listed and cannot nominate or vote for themselves. It is a list which is truly unbiased and respected by the —

medical profession and patients alike as *the source* of top-quality medical information.

Best Doctors 2020: Search for a Doctor

Best Doctors is a part of Teladoc Health, Inc., the global leader in virtual care successfully transforming how people access and experience healthcare.
